

## SAFETY WARNINGS

**Safety warnings for toys are crucial as they help prevent injuries and accidents in children.**

**Here are some general safety warnings:**

**Age Appropriateness:** Before allowing a child to play with a toy, check if it is suitable for their age. Consider the recommended age limits on the toy packaging. The product is not suitable for children under 3 years old.

**Adult Supervision:** An adult should always be present when a child is using the toy, especially if it is a small child. Adults should ensure that the toy is used correctly.

**Small Parts Caution:** Be attentive to small parts that could be removed or swallowed. These parts pose a choking hazard for small children.

**Inspect the Toy:** Regularly inspect the toy to ensure all parts are securely attached. If you notice any damage or wear, discontinue use of the toy.

**Use in Appropriate Locations:** Outdoor toys should only be used outdoors, while indoor toys should be restricted to indoor spaces.

**Sharp Edges Caution:** Be mindful of potential sharp edges or points that could cause injuries.

**Storage:** Store toys in places inaccessible to small children and ensure they are securely stored to prevent accidents.

**Proper Cleaning:** When cleaning the toy, use mild cleaning agents suitable for children.

**Protect Children from Risks:** Explain to children how to safely use toys and alert them to potential risks such as falls, collisions, or dangerous situations.

**Warning:** The manufacturer of this toy does not assume responsibility for any psychological or other issues that may arise from use. Users and caregivers should acknowledge that the toy is just one aspect of a child's entertainment and learning. Caregivers are advised to regularly monitor play and the child's experience, responding to any questions or needs. If any unusual reactions or signs of stress are observed in the child, consult a relevant psychological counseling or healthcare professional.

Adult Supervision Recommended During Play.

**Contact the Manufacturer:** In case of any irregularities or issues with the toy, contact the manufacturer or the retailer where the toy was purchased.

**Warning of Possible Confusion:** This game includes elements that are not visible. Users should be aware that this may cause confusion or challenges in use. Before playing, it is recommended to familiarize oneself with the instructions and game rules.

**Limitation of Movement:** The toy or game may require special attention to movement and surroundings. Players should be aware of their environment and avoid potentially dangerous situations.

**Physical Safety:** The game may involve physically demanding activities. Players should be cautious not to injure themselves during play. Use safety measures such as safety equipment and proper game setup.

**Communication:** Emphasize the importance of communication among players. Monitor and consult with other players to prevent misunderstandings and conflicts.

**No Playing in Hazardous Conditions:** The game should not be played in environments where it could pose a danger to safety or health, such as in traffic or near hazardous obstacles.

**Carefulness and Attention:** Highlight the importance of carefulness and attention during play and how invisible game elements can impact the overall experience.
